In case of illness or injury, I, the undersigned, do hereby give my consent for the doctors of Livingston Animal and Avian Hospital to treat, prescribe for or operate on my pet(s) while they are boarded at the hospital.

They are to use all reasonable precautions against illness, injury, or escape of my pet(s), but they will not be held liable or responsible in any manner whatsoever, under any circumstances, on account of the care, treatment, or safekeeping of my pet(s), as it is thoroughly understood that I assume all risks.

Should the circumstance arise that my pet(s) remain unclaimed after the date which I have stated as the pick-up date, I understand that written notice will be mailed to the address on record. Seven days after such written notice the pet(s) will be considered abandoned. It is further understood that such action will not relieve me from paying all costs of your service and the use of your hospital.

To stay in our boarding facilities your pet needs to have up-to-date annual vaccinations (Rabies, Distemper and Bordetella). If vaccines are not current or documentation can not be provided, the appropriate vaccines will be administered while your pet is staying with us.

While boarding, it is an opportune time to perform other procedures. We can provide the following treatments upon request. Please check any services you would like us to perform while your pet stays with us.
